FORENSIC SERVICES LABORATORY CUSTOMER NOTICE 2017-05

PARKING FOR EVIDENCE DROP-OFF DURING CONSTRUCTION July 5, 2017

If you have visited the SLED campus on Broad River Road you have noticed many changes are taking place. The parking lot construction has now moved to the Forensics side of campus. During this time, if customers are dropping off evidence, the evidence drop off parking spaces and the handicapped spaces in front of the Forensics building are still available for use. If these parking spaces have to be relocated during the process, signage will be posted to direct customers to the appropriate parking close to the building. All others visiting the Forensics Laboratory should park on the right side of the Headquarters building and walk across to the Forensics building. Please be cautious of the heavy equipment moving through the parking lot. Thank you for your patience.

An Accredited Law Enforcement Agency
