### **SLED INVESTIGATING OFFICER INVOLVED SHOOTING IN CHARLESTON COUNTY**

Agents from the S.C. Law Enforcement Division are investigating an incident from Tuesday evening in which shots were fired during a confrontation between a man and an officer from the Charleston Police Department. An officer was in the process of conducting a traffic stop on a reported carjacked vehicle when the incident occurred. The armed man was shot during the incident and taken to a local hospital. No other injuries have been reported.

SLED conducts law enforcement officer involved shooting (OIS) investigations at the request of the agency involved in the incident. When requested to investigate an OIS, SLED's goal is to conduct a thorough, independent criminal investigation as timely as is possible under the circumstances. SLED investigators will conduct interviews with all potential witnesses in this matter. Further, SLED will collect all relevant evidence and will forensically test such evidence as needed.

Information gathered in the SLED investigation of the incident will be summarized in a case file report to be submitted to prosecutors.

This is an ongoing investigation. As such, no other information about the case will be disclosed by SLED at this time. SLED will defer to the Charleston Police Department for any information about their officer.

The incident in Charleston County was the fourth officer involved shooting in South Carolina in 2021. In 2020, there were 49 officer involved shootings in South Carolina; two involved the Charleston Police Department.
