SLED INVESTIGATING OFFICER INVOLVED SHOOTING IN PICKENS COUNTY

Agents from the S.C. Law Enforcement Division are investigating an incident from early Thursday morning in which shots were fired during an altercation between a man and officers from the City of Clemson Police Department. Officers confronted a man regarding a stolen moped when the altercation took place. The armed suspect was shot during the incident and died. No other injuries have been reported.

SLED conducts law enforcement officer involved shooting (OIS) investigations at the request of the agency involved in the incident. When requested to investigate an OIS, SLED's goal is to conduct a thorough, independent criminal investigation as timely as is possible under the circumstances. SLED investigators will conduct interviews with all potential witnesses in this matter. Further, SLED will collect all relevant evidence and will forensically test such evidence as needed.

Information gathered in the SLED investigation of the incident will be summarized in a case file report to be submitted to prosecutors.

This is an ongoing investigation. As such, no other information about the case will be disclosed by SLED at this time. SLED will defer to the City of Clemson Police Department for any information about their officers.

The incident in Pickens County was the sixth officer involved shooting in South Carolina in 2021. In 2020, there were 49 officer involved shootings in South Carolina; none involved the City of Clemson Police Department.
