SLED INVESTIGATING OFFICER INVOLVED SHOOTING IN GREENVILLE COUNTY

Agents of the S.C. Law Enforcement Division are investigating an incident from tonight where shots were fired during a confrontation between a man and deputies from the Greenville County Sheriff's Office. Deputies were attempting to serve a warrant when the shooting took place. The suspect involved in the incident was injured and taken to a local hospital where he later died. No other injuries have been reported.

SLED conducts law enforcement officer involved shooting (OIS) investigations at the request of the agency involved in the incident. When requested to investigate an OIS, SLED's goal is to conduct a thorough, independent criminal investigation as timely as is possible under the circumstances. SLED investigators will conduct interviews with all potential witnesses in this matter. Further, SLED will collect all relevant evidence and will forensically test such evidence as needed.

Information gathered in the SLED investigation of the incident will be summarized in a case file report to be submitted to prosecutors.

This is an ongoing investigation. As such, no other information about the case will be disclosed by SLED at this time. SLED will defer to the Greenville County Sheriff's Office for any information about their deputies.

The incident in Greenville County was the eighth officer involved shooting in South Carolina in 2021. In 2020, there were 49 officer involved shootings in South Carolina; one involved the Greenville County Sheriff's Office.
