SLED INVESTIGATING OFFICER INVOLVED SHOOTING IN GREENVILLE COUNTY

Agents from the South Carolina Law Enforcement Division are investigating an incident from today in which shots were fired during a confrontation between a man and officers from the Greenville Police Department. Officers were in the process of conducting a traffic stop of a vehicle believed to be connected to an earlier shooting when this shooting took place. The armed man was shot and killed during the incident. No other injuries have been reported.

SLED conducts law enforcement officer involved shooting (OIS) investigations at the request of the agency involved in the incident. When requested to investigate an OIS, SLED's goal is to conduct a thorough, independent criminal investigation as timely as is possible under the circumstances. SLED investigators will conduct interviews with all potential witnesses in this matter. Further, SLED will collect all relevant evidence and will forensically test such evidence as needed.

Information gathered in the SLED investigation of the incident will be summarized in a case file report to be submitted to prosecutors.

This is an ongoing investigation. As such, no other information about the case will be disclosed by SLED at this time. SLED will defer to the Greenville Police Department for any information about their officers.

The incident in Greenville County was the 14th officer involved shooting in South Carolina in 2021. In 2020, there were 49 officer involved shootings in South Carolina; one involved the Greenville Police Department.
